About Me

I am a front-end developer with experience in ReactJS, NextJS, VueJS, NodeJS, MongoDB, ExpressJS, JS, HTML5, TailwindCSS and Bootstrap. I am passionate about creating responsive and user-friendly web applications that are both visually appealing and functional. I have experience working on projects from start to finish and have a proven track record of delivering high-quality work on time and within budget. I am always looking for new challenges and opportunities to learn and grow as a developer.

Professional Experience

CBE | Junior IT officer
2022 – Present

upwork| Front-end Developer
2019 – present

I am freelancer for over 3+ years on upwork as a front-end developer and I have developed variety of projects which gives me a good understanding of many problem solving concepts.
